

**Evaluations/Outcomes:**

The girls, moms and grandmothers all enjoyed the Betsy Tacy Book Club. One grandmother signed up for a library card after the first meeting so she could check out the books from the library.

The day of the tour was great. The weather was beautiful and the Betsy Tacy Society was so accommodating! They had children there dressed up like Betsy and Tacy's time, playing games that Betsy and Tacy played. Their father played instruments of all types. Both the kids and father were very engaging!

We also made a stop at Barnes and Noble and they did a great job with a tour and talking about Betsy and Tacy to the group. Everyone really enjoyed the day.
